This application form must be completed for all new civil construction plans and plats.

Application Type:

- Plat
- Civil Construction Plans

In order to provide the best customer service possible, including the most expedient plan review process possible, please check one of the two boxes below. State law provides two processes by which a City may process new plans and plats, and each process encompasses different timelines, fees, and other related nuances. If you have any questions, please do not hesitate to contact staff to better assist you; however, no new plats or civil construction plans can be processed without this form being completed. Thanks!

Chapter 212 Process

- 30-day plan review timeline
 - Please note that if you, as the owner or authorized agent, do not respond to or correct staff comments prior to the Planning & Zoning meeting to occur during the 30-days (for plats) or with sufficient time for staff to review your corrected submission prior to the 30th day (for construction plans), your application will be denied.
 - If your application is denied you will be provided with a list of deficiencies in your application as the City is required by state law to act on your application within 30-days of filing unless you choose the Alternative Process. Pursuant to state law, the City cannot request or require a waiver of the 30-day timeframe for action on your application; however, state law does not prevent you from requesting such a waiver.
- Full Amount of Application Fees will be collected

Alternative Process

- Typically 10 business-day plan review timeline for City to provide comments
 - You, as owner or authorized agent, may make corrections and exchange communications with City staff to make any corrections or supplements needed to qualify for approval.
 - Your application will go on the next available agenda (for plats) or be administratively approved within 10 business days (for construction plans) if all requirements are fulfilled or if all comments are adequately addressed.
- Application Fees will be reduced by one-half (1/2)
